

## **REOPENING JUNE 29<sup>th</sup>**

Dear Friends,

Thank you for your patience! We hope that you and your family are doing well and we look forward to seeing you all soon. GPD has sourced the appropriate personal protective gear to keep staff and patients safe. As stated before in our previous communication we listed several changes put into place to best protect all aspects of our practice during the COVID-19 pandemic. Some of the biggest changes include curbside check-in with parents remaining in their vehicle, patients will not be accompanied by their parents for cleanings or treatment, the schedule volume is reduced, and face coverings for all parents and patients are required (unless you are under the age of 2). It is mandatory that we complete a Covid-19 screening the day before your scheduled appointment. If we cannot reach you for any reason, your appointment will be rescheduled. Please keep in mind that due to reduced patient volume, appointment availability will be limited. Due to limited available appointments we will be implementing teledentistry options. We will first call to schedule emergencies, then routine cleaning visits and treatment appointments in the order they were cancelled.

Starting August 3<sup>rd</sup>, we are honored and excited to welcome our new associate pediatric dentist, Dr. Nova Ahmad to the GPD family. Our practice will be open Monday through Thursday, with IV cases being performed on at least two scheduled Fridays per month. Thank you so very much for your continued trust as we look forward to taking care of your children's dental needs in the safest environment possible.

Sincerely,

Dr. Sammons, Dr. Tarver, Dr. Ahmad & our entire GPD Team
